Frequently Asked Questions

What does "colorized photos" mean?

The Museums offers its members colorized photos annually. Members send us scans of black and white family photos and our staff turn them into colorized photographs using computer software. Not all photographs colorize well depending on state of preservation, focus of the camera, and more.

Where do my membership dues go?

Membership dues help offset the changes in the Museums' 1% mill levy from oil and gas taxes. Dues go toward a variety of items including maintenance of the building, professional development for our staff, programming, and more.
