

# THE BISON PROJECT

## HISTORY

Learn about the history of bison in North America from roughly 150,000 years ago to the start of American conservation.

## PRESENT

Explore reintroduction, tribal sovereignty, and experimental archaeology!

## DISCOVERY

Join us as we learn more about bison in the geographic Bighorn Basin by looking at morphology, radiocarbon dates, stable isotope analysis, and more!

**VIRTUAL  
EXHIBIT  
COMING IN JUNE!**
